

Aurora Approves County Health Unit Proposal

Aurora—The town council on Monday approved the proposed county health unit proposal which comes before county council this week. In discussing the proposal, council learned that if the scheme is adopted, the estimated cost to Aurora would be one mill, or around \$1,600. This figure is in excess of the present public health costs in Aurora which run around \$1,200 a year. In the event the plan is adopted the local charges would be dropped.

Council was advised that under the present legislation there is no power to ensure that the scheme would be inaugurated in the public school without the school board's request nor can the school set up any health plan without the approval of the local board of health. The health unit officials pointed out, however, that in all 20 health units so far established the schools have used the system and there has been no conflict.

Terminating the condition of the school rooms in the upstairs of the old town hall as "crummy" and urging that in view of the rent received and the best interests of the pupils the room should

be suitably decorated. Councillor Victor Jones successfully obtained permission to advertise for tenders for the work. The original recommendation of the committee tabled in October was against redecorating the premises, but was left over for a minority report from Councillor Jones. The work will be done in Christmas holidays when the tender has been awarded.

Councillor Stewart Patrick said it was useless to spend money on the building without doing a job from the downstairs and that enough money had been spent on converting the rooms to school rooms when it was only of a temporary nature. "No one wants conditions for the children improved more than I do, but it's foolish spending more money on this old building. It's too bad that we were ever forced to have the children in the building, but that's not the council's fault. There is no place for the children to play and you can't keep the rooms clean because of this."

Councillor Thomas Swindle left over until next meeting a request he had intended tabling for council to try and secure a sponsor to teach handicrafts in town in the evenings.

Report Scarlet Fever, Toxoid Children—M.O.H.

Newmarket—The parents of children over one year of age were advised to have them toxoided against scarlet fever by the medical officer of health, Dr. L. W. Dales. "Some cases of scarlet fever have been reported in Newmarket and there is every indication of more cases to come," said Dr. Dales. "I urge every parent to take his children to his doctor for this protection."

AURORA NAMES ARMISTICE DAY TOWN HOLIDAY

ROB EXPRESS OFFICE OF \$500 IN GOODS

Mount Albert—With the "Mount" still talking of the hold-up of the bank at noon last Thursday, the express office was broken into Thursday night and goods to the value of \$500, including a washing machine consigned to Morton Bros. and a fur coat to Mrs. Murray Case, were taken. The thieves broke into the waiting room and from there reached the express room.

STOLEN CAR FOUND

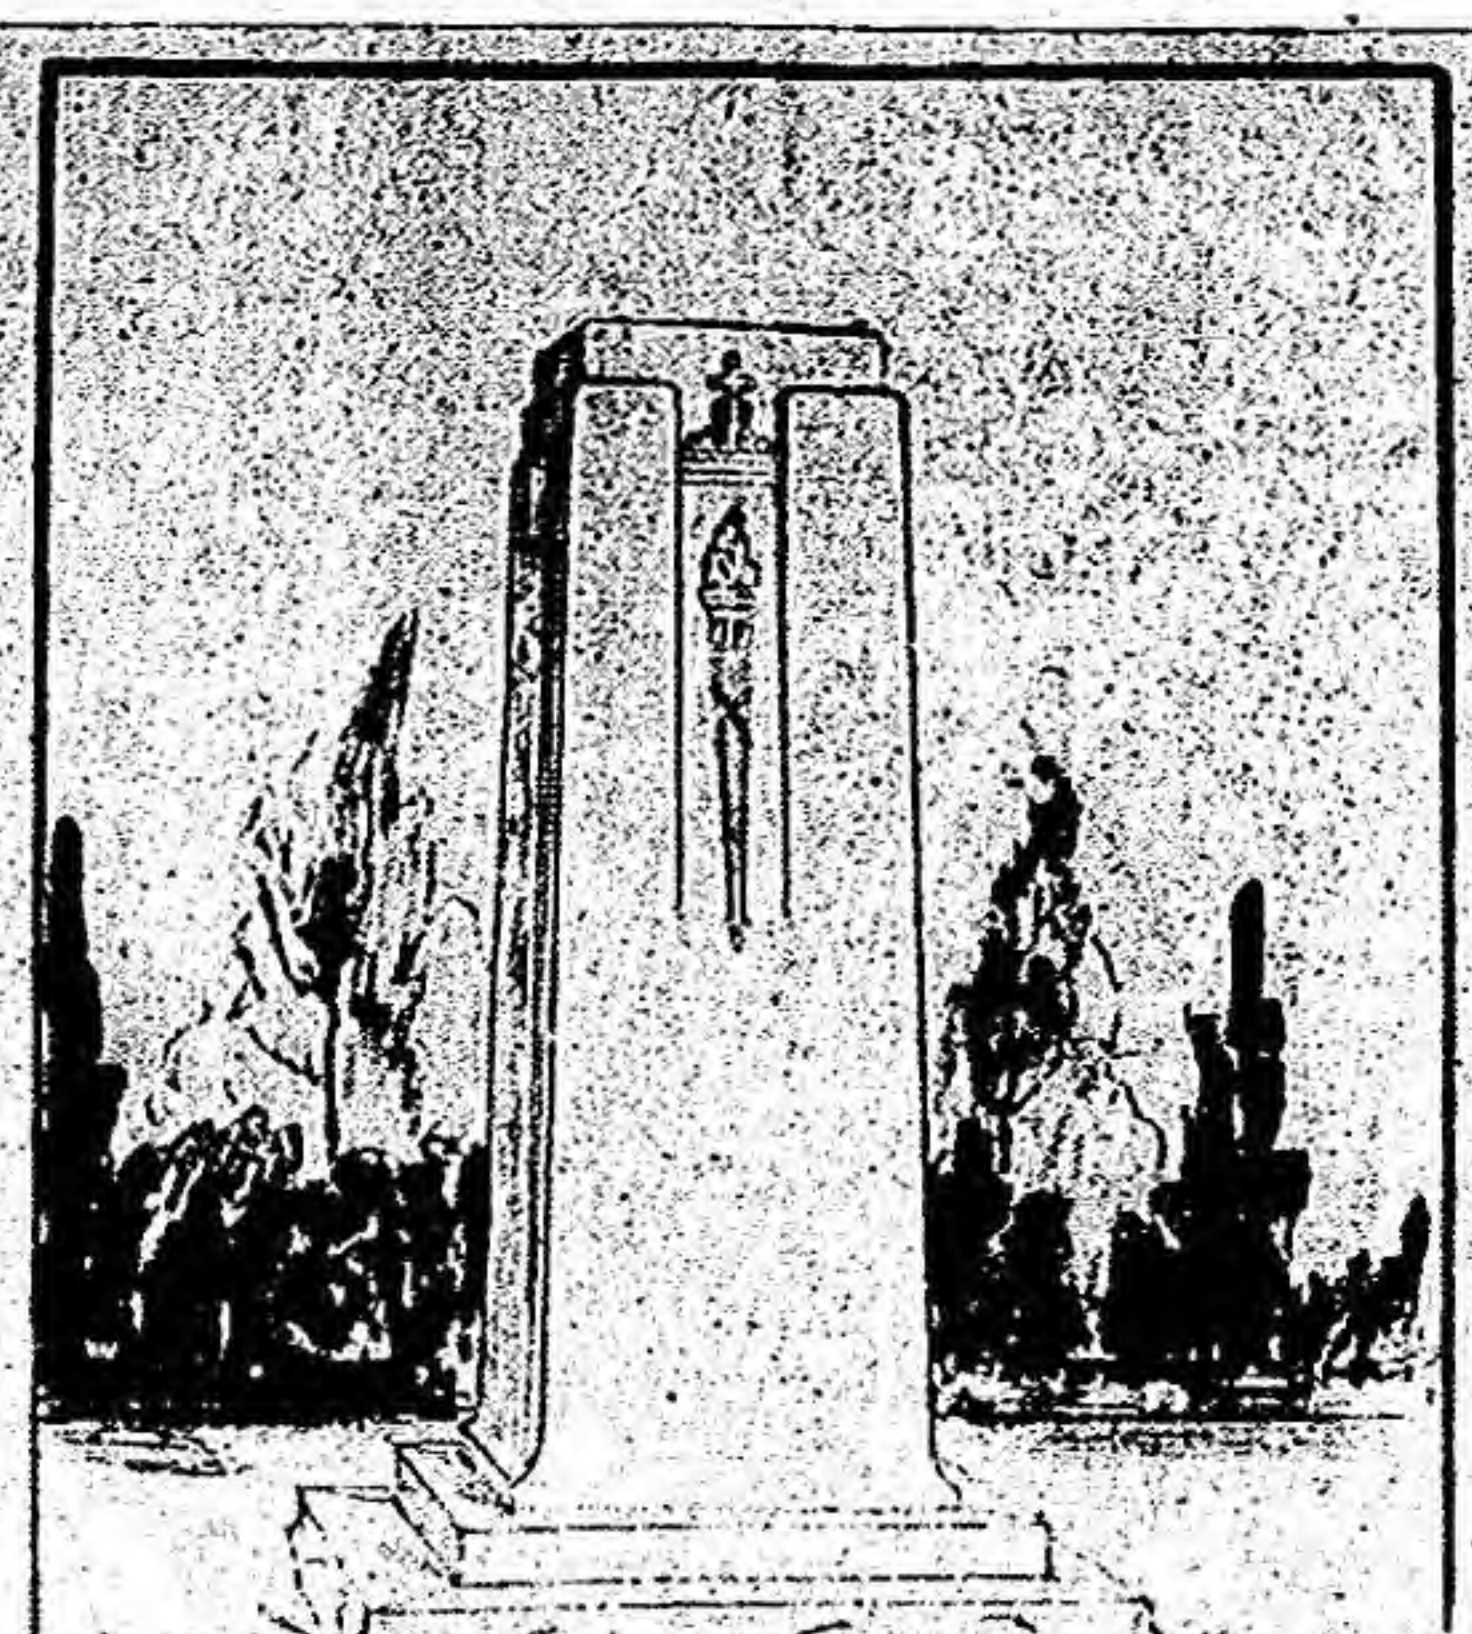

Newmarket—A car owned by Jack Luesby was stolen on Saturday night and was located again by Toronto police on Sunday night. The car had been parked in front of Mr. Luesby's residence on Niagara St. When the theft was discovered, Newmarket police notified Barrie and Toronto and the auto was found abandoned on a Toronto street. No damage was done to the car.

MEMORIAL FOR VETERANS

MEMORIAL TO NEWMARKET VETERANS

Pictured above is an artist's sketch of the monument which the Newmarket Veterans' Association will erect at the Newmarket cemetery in memory of their deceased comrades. It will be approximately nine feet high, will be made of Canadian pink granite from Iberville, Que., and on its surface will be carved the cross of sacrifice and the flaming torch.

The top part of the monument will be all hammered or steeld, while the base will be partly hammered with the lower part rough. There will be a flagstone walk approaching the monument.

A unique feature will be that at one end of the base a hole will be drilled in which a sealed bronze cylinder can be locked. The cylinder will contain a scroll on which the names of all Newmarket men who gave their lives in both world wars will be inscribed. Once a year the scroll will be removed and the names read at a dedication service. It is hoped that the memorial will have been erected by June 1, 1948. George W. Luesby, who is doing the work on the monument, has offered to do it at cost.

Enthusiastic Response To War Memorial Plan

Newmarket—The Newmarket Veterans' Association will erect a memorial in the veterans' plot of the Newmarket cemetery. It was announced Thursday night at a meeting of the association which was attended by representatives of industry, municipal bodies and friends.

The formal announcement, made by Rev. Henry Cotton, padre of the association, was greeted with enthusiasm by the assembled veterans. The monument will be unveiled the third Sunday in June. The base has already been set in place.

The announcement followed the installation of the officers of the association by a team of Canadian Corps members from Niagara Falls, N.Y. The new officers are: past pres. Jack Wright; pres. Doug May; 1st vice pres. Fred Evans; 2nd vice pres. Alf Elphinstone; sec. Fred Cass; sgt. at arms, "Shorty" Keals; padre, Rev. Henry Cotton.

In announcing the plan for the memorial, Mr. Cotton said that there was at present no particular monument to the men who gave their lives in two wars. "Nothing could be more appropriate than a memorial in the soldiers' plot at Newmarket cemetery," he said.

Reeve Arthur D. Evans said that the memorial would be a symbol of the sacrifice made by

the men who had served. He recalled that it had been the action of the Newmarket Veterans' Association that had created the memorial park on D'Arcy St. "The veterans were solidly behind the plan for the memorial at the cemetery," he said, and cited the willingness of the executive to lead the way with donations of their own.

The monument is estimated to cost \$2,000 or more, of which, at press time, \$1,136.66 had been received. "We are certain that our objective will be reached," said President May. "The need is obvious and the determination of the veterans to carry this project through is an augur of its success."

Irvine P. Bacon, senior vice commander of department of New York Regular Veterans of America, pledged his organization for \$25.

Mayor Jos. Vale was followed by A. A. Mackenzie, M.P.P., and Jack Smith, M.P., in extending congratulations to the veterans. Donations to date are: Newmarket Veterans' executive, \$35; Capt. Aubrey Davis, \$500; C. A. Cuthers, \$100; J. L. Spilllette, \$100; Geer and Byers, \$50; Davis Leather Co. Ltd., \$150; Veterans' Club Inc., Niagara Falls, N.Y., \$25; Newmarket Veterans' bingo, \$101.06; Canadian Corps flag party, \$5; anon, \$20.

BASEMENTS AT SCHOOL SAID 'UNSANITARY'

Newmarket—Dr. L. W. Dales, medical officer of health for the town of Newmarket, on Monday night described conditions in the Newmarket public schools as "unsanitary and unhealthy," in a report to the Newmarket town council on Monday night.

"The lavatories in all three schools are poorly lit and have a bad odor," he said. "Faucets are in the middle between two drinking fountains, so that when a child washes his hands, the dirty water splashes up over the fountains. The playrooms are also poorly lit, and one is particularly extremely dirty. There is paper over on one side of the room which must have been there for two years. All of them are poorly ventilated."

"In two schools the washrooms provided for teachers are used as storage rooms. I hope the day will soon come when the council will scrap these second-rate schools and will build one modern and clean school all on one floor. In one school I asked for an impromptu fire drill, and I was very pleased with the results. Teachers and pupils were all out of the school in 50 seconds from the time the alarm was sounded. The grounds of all three schools are very dirty."

Dr. Dales produced a copy of the regulations governing licenses for restaurants in Toronto, and asked that the council incorporate similar regulations into a by-law for Newmarket. "Then your medical officer will be able to act with some authority when restaurants are found to be unclean," he said.

Dr. Dales expressed regret that the town had lost the services of Mrs. Anne Bell from the board of health. "She is a singularly fine woman who has served the town well in many capacities," he said. "The town has suffered a real loss."

Class A Water
Dr. Dales said all three wells are now producing class A water. "The water is sanitary and perfectly healthful, even though at times there is some sediment." Dr. Dales congratulated the dairies on the quality of milk which is being produced at the present time. "The dairies are making a wonderful effort to supply good milk. At times they have had to send as far as Guelph to get good milk."

He said that in the recent T.B. chest survey, 73.3 percent of the population had been examined, with one active case and three questionable cases of tuberculosis being found.

Dr. Dales said there were three or four known cases of congenital V.D. in town, but no others. He said Miss Clara Kittner, public health nurse, "is doing a very fine job." He urged the council to consider the erection of an incinerator and a sewage disposal plant.

Appeals For Support In Poppy Day Tag

Rev. Henry Cotton, chairman of the poppy and forget-me-not fund committee, said yesterday the annual poppy fund appeal will be held on Sunday, Nov. 9, will be in the charge of Mrs. Fred Cass. He said the least we as Canadian citizens, can do is to buy a poppy in memory of those who gave their lives for our freedom and in this tangible way help to care for the unfortunate and needy veterans. Girls who are willing to tag on Saturday are asked to pick up their boxes at the Veterans' Dug-out.

The Remembrance Day service will be held on Sunday, Nov. 9, when both the Veterans' Association and the Canadian Legion will parade and attend a church service at St. John's church.

It is hoped that the air cadets, the Newmarket Citizens' Band and a color party from both of the veterans' organization will be present to participate.

All veterans will meet at the town hall at 1:30 p.m. and at 2 o'clock will parade to the cenotaph at Memorial Park where wreaths will be placed. Rev. H. Cotton will conduct the service at the cenotaph.

Veterans are requested to wear their ribbons and berets.

Newmarket—Mrs. Frank Graham, whose husband has a farm about two miles from Queensville, brought a large potato into the office of The Era and Express on Friday morning. The potato measured six inches by four inches, and weighed about one and three-quarter pounds. Mr. Graham had dug the potato about three weeks before.

Crown Housing Scheme Offered To Newmarket

Newmarket—The Central Mortgage and Housing Corporation, which was set up and is operated by the dominion government, has submitted two possible low-rental housing schemes for the consideration of the Newmarket town council, and questionnaires will be distributed shortly to determine the actual housing demand in Newmarket. "In my opinion there is an acute shortage of housing in Newmarket. Houses are needed not only for those people whom we hope will come to live here in the future, but also for those who are already here," Councillor George M. Byers said at a meeting of the council on Monday night. "We have given municipal housing considerable thought, but there are many snares in which a municipality may become entangled."

"The houses which the corporation is prepared to build are not like those built under wartime housing schemes. They will not all be built on the same plan or constructed of the same types of materials. And they do not all have to be in one subdivision. The first plan offered by the corporation is that the corporation will purchase the land, build the houses, put in the roads, sidewalks, sewers, hydro, and other requirements, provided the town is willing to maintain these services, and waive tax rights on the property for a period of ten years. The houses will be built according to the tenant's specifications (within limits), and will rent at 60 cents a month per \$100 cost-of-building. A house which costs \$5,000 to build will therefore rent at \$30 a month. A \$6,000 house will rent at \$36 a month. According to F. G. Spry, representative of the corporation, rents for four, five and six-room houses under the scheme "will be of the order of \$27-\$37 a month, but will vary between projects depending on the level of construction."

The second scheme is that the corporation will build the houses and will pay \$70 a year in taxes for ten years on each house, if the town will provide the land, put in and maintain the roads, sewers, etc. This would mean an assessment of each house of \$1,500, the same as the present assessment on the camp houses. Tenants do not necessarily have to be veterans, but veterans will be given preference. "It seems to me that we should ask the industries and the clerk's office to distribute the questionnaires so that we can determine the actual demand for low-rental houses in Newmarket," Councillor Byers said. "I think we would find that we should have at least 40 or 50 of these houses." (Page 7 Col. 7)

Arena Colorful Scene For Annual Kids' Party

Newmarket—Hobgoblins, spoons, clowns and pixies converged on the Newmarket Arena on Friday night for the big Halloween party sponsored by the Newmarket recreation commission. The arena had almost a capacity crowd to watch judges pick out 30 prize-winners, and public school students put on organized skits.

With Walter Johns as master of ceremonies the program started off with a large group of costumed pre-school children contesting for 12 prizes of a half-dollar each in the centre of the arena. The sober faced judges for the evening, J. G. Wainman, Grant Dillane, and George Bender, scrutinized carefully the "little people" and gave out the prizes after which all contestants paraded around the ring.

With the Newmarket band as a spearhead, the public school students trooped into the building through the big doors and paraded across the front platform.

No Police Co-operation, Doctor Charges At Council

REMEMBRANCE DAY

Newmarket—Mayor Jos. Vale issued the following statement this week: "On Tuesday, Nov. 11, Canada observes Remembrance Day and I call on all citizens of Newmarket on that day to honor the men of the First and Second Great Wars who sacrificed their lives that we may live in freedom by observing a two-minute silence at 11 a.m."

Theft Reported Sunday Pair In Cells Tuesday

Queensville—Constable J. E. Jardine made a quick arrest this week when following a report of a robbery on Sunday morning, he had a man and woman lodged in Toronto cells by Tuesday morning charged with the crime. The pair, Roy Hartwig and Doris Empey, are charged with stealing 81 phonograph records, a shotgun and personal effects from W. R. Chapman on the third concession north of Queensville. When the robbery was reported to Con. Jardine Sunday morning he began his investigation and as a result, notified police to the north to be on the look-out for the suspected pair. At noon on Monday, the North Bay police reported having found them.

Aurora—Branch 385, Canadian Legion, will hold its annual Christmas party on Friday, Dec. 19, for the Aurora and district children. A fine variety program is being arranged.

form and after due consideration by judges, 18 prizes of \$1 each were given for best costumes. After the parade, a group of students from the King George school put on a "Scare-crow drill" with a girls' chorus in the background accompanied by Don Cook on the piano. Reels and Squares
Pupils of St. John's school performed a Virginia reel and then the Stuart Scott school did a merry square dance with Ronnie Allen calling off. A group of boys from the Alexander Muir school went through three intricate acrobatic stunts climaxing their performance with one performer standing on his head on top of a pyramid.

Representing the school board and the recreation commission, Mrs. N. L. Mathews expressed appreciation toward J. B. Walker and the special committee of the recreation commission for the organization of the party. (Page 2, Col. 7)

**VETERANS' MEMORIAL
ENOBLER PLOT**

It is most appropriate that the announcement by the Newmarket Veterans' Association of the memorial it plans to erect at the Veterans' plot in the Newmarket cemetery should be made so close to Remembrance Day. The stone will be a lasting symbol of the sacrifice of those who served in two wars, as is Remembrance Day. One is the outward, the other the inward dedication to the promise that the men and women who heeded the call must never be forgotten.
Perhaps it is appropriate too that it is veterans who have initiated this memorial. The comrades of the fallen knew them best and how best to cherish their memory. Yet surely there is a debt owing by those who stayed at home, a debt that might have been acknowledged by the assumption of responsibility for the memorial. Some portion of that debt has already been discharged in the co-operation of the shown by the Newmarket cemetery board, Mr. George W. Luesby and his sons, and the many others who have shared with the veterans the preparation of the memorial.
The location of the memorial has been chosen with care. There is no ostentation, no pomp; there never is where the sacrifice is real. The simple dignity of the design of the stone and its site are in keeping with the spirit of reverence that marks the last resting place of Newmarket's veterans.
There can be nothing but approval for the manner in which the Newmarket Veterans' Association have chosen to remember their comrades. There are those who say that memorials should have life, that they should take a form that the living may enjoy and so remember those it honors. Something more is needed, a hallowed symbol where quietly sleep the dead. The unchanging stone in the Veterans' plot is that symbol.

**PROTECT CHILDREN
FROM SCARLET FEVER**

Several cases of scarlet fever have been reported in Newmarket by the medical officer of health, Dr. L. W. Dales. He has issued a warning to all parents that they have their children over six years of age protected by toxoid. The importance of such precautions can't be overlooked. Medical science has perfected preventatives of such diseases. It is sheer folly to ignore them. Toxoid not only protects the individual but prevents the individual from infecting others by his own sickness. You owe it to yourself and to the community to take the proper precautions. See your doctor at once.

**COUNCIL TO SURVEY
STREET LIGHTS**

The investigation into street lighting in Newmarket, authorized by the Newmarket town council Monday night following another in the series of brutal assaults on women, should have begun months ago. The dark streets of Newmarket have long been a hazard. Better lighting was discussed in council last year but any measures resulting from complaints at that time were half-measures, directed at improving only the immediate causes of individual complaints.
On Srigley St., where the most recent attack took place, there are seven street lights between Prospect St. and Wesley St. One pole on the east slope of the hill is without a light bracket. The lights are not bright and poorly reflected so that their rays barely reach the south side of Srigley St. where the sidewalk is. There are no lights at the north end of Charlotte St. although we understand application has been made for them.
Srigley St. is not alone in its inadequate lighting. There are other streets just as badly off. Poorly placed poles, dim lights, heavy tree foliage all conspire to keep the pedestrian in the dark. These facts have been most obvious and an improvement could have been effected at an earlier date, material shortages notwithstanding. On Srigley St., for example, no new material would be needed to change the poles from the north to the south side of the street so that the pedestrians would receive the benefit of what light there was.

**SOMETHING
OUT OF JOINT**

There are increasing reports of wholesale slaughtering of hogs because of the skywards jump of the price of coarse grains when the ceiling went off. The resulting failure to meet the British bacon contract will be more than a monetary loss to the hog raisers. It reflects on Canada's inability to meet its overseas commitments at a time when a good impression would mean the most.
Canada lost its bacon market in Britain after the last war because of the inability of Canadian farmers to meet the contract requirements both as to quality and quantity. That loss was felt for years on Canadian farms. Is history to repeat itself?
Something is out of joint in the national economy when the heavenward soaring of prices in coarse grains can threaten an overseas market in

bacon. Yet today, farmers are knocking their young pigs on the head rather than pay the price of feeds. To revise the contract price on hogs is no answer. An increased price to Britain would merely mean either another loan from Canada to Britain so that Britain could buy at the new price, or a reduction of quantity by Britain to preserve its dollar reserves. Clipping on the ceiling again and returning to subsidies scarcely seems the answer either. Canadians would then be paying taxes in order to give cheaper grain to the hog-raiser so that he can continue to sell to Britain. It would be the same as another loan to the United Kingdom.
Hon. T. L. Kennedy, minister of agriculture for Ontario, told a Zephyr audience Monday night that all hog-raisers could do was to "hang on and hope." Something more definite than that is required but in what form, we have no idea. What the situation does demonstrate, however, is the fragility of the prosperity we now enjoy. It doesn't take much to endanger it.

**ARENA MUST BE PLACED
ON TIME-FOR-SALE BASIS**

An inescapable fact about the Newmarket arena is that it cannot provide extensive free skating and still pay its way. A lot of people thought it could when they approved the purchase of the arena by the town three years ago. The balance sheets of the rink's operation during those three years have proved that it can't be done.
The arena must make at least \$2,000 for the payment of the debenture debt. It also must meet heavy operating costs, made heavier by the long hours spent in flooding through the night. The vagaries of the weather are an added risk.
Artificial ice will put the arena into the black with a doubled season. With the whole district to draw from, there would be no lack of teams for practice hours and games. Public skating would draw larger crowds with the better ice. But it appears that artificial ice is a long way off and in the meantime, the only answer to efficient operation is to cut out free skating as a contribution of the arena, and put it on a time-for-sale basis.
We do not suggest that free skating be discontinued. There is nothing to prevent the public and high school boards from buying blocks of time for the pupils. Service clubs or the Recreation Commission could purchase time for the pre-school children. If there is a surplus at the end of the year, it could be divided proportionately among the contributors of free time.
To have the arena make free time a part of its schedule through the year is to add to the gamble on the weather. A short winter means that the arena will need every cent to meet its costs. Under the circumstances, there would be no room for free skating as an arena contribution. A long winter will give a surplus to be refunded to the contributors of free time.
Weather prophets to the contrary, there is no way of determining in advance how much skating time the arena will have. Until actual revenue is guaranteed, as it would be with artificial ice, the arena must be put on a strict money-making basis if it is to pay its way.

**NOT LIKE IT
USED TO BE**

The old traditions of Halloween seem to have been discarded by the youngsters nowadays. Two instances of mischief we heard of were vicious in their intent, quite different from the tricks that used to be played where the greatest damage was to the composure of the victim, not to his life and limbs.
One of these was the erection of a barricade on Gorham St. Cars were forced off the road and it must be a great relief to the conscience of the perpetrators that apart from a bumpy ride, no other damage was done. The other instance involved the tripping of a pedestrian as he walked up the street by a rope whipped about his ankles. It could have easily cost him broken limbs.
Such tricks are far different from the innocence of dismantling a wagon and putting it together on top of a barn. There was something that called for ingenuity and effort. There was nothing vicious about it and the trick could be accepted in the same spirit. It is not to be compared with risking highway accidents or breaking a pedestrian's neck.
Certainly, the commercialism of the age is responsible for some of the departure from the good old days. We opened the door Halloween night and braced ourselves for the cries of "shell out, shell out." Instead, one of the costumed figures held out a bag bulging with loot from other visits and asked: "Want to buy a dozen apples cheap, mister?"

**EXCITEMENT ON
PRESS DAY**

There was more than the usual excitement of press day at The Era and Express office on Thursday. The paper had been just "put to bed" when word reached us of the robbery of the Dominion Bank at Mount Albert.
With only a limited time to get the paper out on Thursday afternoon, the press had to be kept going until sufficient information for a small bold-face notice about the robbery could be inserted on the front page. The press was started again and a reporter sent to Mount Albert to get the full story.
When he called the office, a new story was written and the press stopped a second time. Changes were made on the front page to accommodate the new and longer story, and the press again started. That is the reason why the first issues of the paper had no information on the hold-up, some issues had only a small story, and the remaining issues carried the full information.
Stopping the press for the late story is not a practice that newspapers like. It involves too much rush and confusion. Changing the make-up of the paper after it is on the press is difficult and there is real risk of mistakes. Some issues with the final story in them were sent out before it was found that in cutting a story about the high school area, a line had been left in which didn't make sense.
However, we felt rather good about it at the office. We were able to get last-minute news into the paper after it was on the press. It meant a lot of extra work, but it was worth it to get the news to our readers.

**THE COMMON ROUND
PRESENTATION AND SHOWERS**

There are some ties that reach far below the surface of our lives and hold with enduring bonds people of often widely dissimilar characters and views. There are ties of love, of shared experiences and memories and there is the tie of a common love for some art or sport.
Of the arts, music seems to have the greatest power to hold its devotees together. Our example of this is the Newmarket orchestra, conducted by H. A. Jackson, of which we are a very new and therefore rather inarticulate member. But from the first night we met the members at Mrs. H. E. Lambert's home, we felt the esprit de corps, the real joy of music lovers getting together to give themselves to their art. And I think a large contributing factor in this fellowship was the graciousness of our hostess, Mrs. Lambert.
I fancy that anyone who joins a society of any kind has at times experienced a feeling of being an outsider. Time will, in most cases, remedy this, but it was there in the beginning. This was not the case in Mrs. Lambert's home. We felt at once, although we were sadly out of practice, that here we were at home.
Then we learned to our sorrow that Mr. and Mrs. Lambert were being moved from Newmarket and that Mrs. Lambert would no more be the pillar of strength she had been since its inception of the orchestra.
At our practice last Sunday afternoon, Mr. Jackson said that he and his wife wished to entertain the orchestra on the following Wednesday evening, Oct. 29. So on Wednesday evening we assembled at the home of our host and hostess but minus our pianist, Mrs. C. E. Blodale, and one violinist, Mrs. G. M. Peever, who, though absent unavoidably in body, were present in spirit.
After our practice, we were called to partake of delicious refreshments. Then came the event of the evening, the presentation of a case of spoons, matching in design the chest of silver presented to Mr. and Mrs. Lambert at the farewell meeting tendered them by business associates and friends. In making the presentation speech, Mr. Jackson told of the wonderful manner in which Mrs. Lambert had, by her initiative, her talent as a violinist, her charm and hospitality as a hostess, nursed and prodded and encouraged the infant organization into its present healthy and growing life. He spoke feelingly of the deep regret and sense of personal loss each member felt as the time of separation drew near and hoped she would often visit us with her violin. At the conclusion of his tribute, Miss Hilda Tumulty made the presentation. Mr. Newall, Mr. Stouffer and Mrs. Colville echoed Mr. Jackson's remarks.
In replying, Mrs. Lambert spoke of the intense interest and keen pleasure she had always had in the orchestra, of her delight as a music lover in being able to help it to a vigorous life and her joy in her association with fellow musicians. The gift touched and delighted her and in conclusion she extended a cordial invitation to the members to visit her in her new home—with or without their violins.
Mrs. Lambert will be sadly missed in Newmarket, not alone for her contribution to music,

but for the many other worthy causes with which her name has been linked.
Shows
These did not descend "like gentle rain from heaven upon the place beneath" but in something of a downpour upon the well-loved head of Dora McClure whose marriage to Robert Jewett, Kettleby, takes place on Saturday, Nov. 8.
Of one shower, which took place in Toronto at the home of the groom-to-be's sister, we can only say that the gifts were many and beautiful. Of the other two, we can write more fully, having been present at both—in fact the first of the two was held at our home on Thursday, Oct. 30.
We have a large living-room but that day we wished that someone had invented elastic walls, as by the time 79 people had found—or perhaps more truthfully—not found seating accommodation, it was well and truly filled. A drape of pink and white crepe paper with a valance of silver bells indicated the guest of honor's place with her mother, Mrs. Gordon McClure, beside her. Her cousin, Joyce VanLaven, who with her aunt, Mrs. Douglas McClure, were co-hostesses and Viola Johnson assisted in unwrapping and reading the accompanying notes. A short program preceded the appearance of the gifts, including a contest, a romance in music, read by Frances Walker, played by Gladys Ridley. Your scribe sang Love the Pedlar and another contest, "In grandmother's kitchen," was read by Ann Penrose.
Five baskets were brought in by Marjorie Preston and Roger McClure, assisted when the load was too heavy by Mary Sheridan. It would be hard to imagine anything she did not receive at the shower and by the time the last parcel was unwrapped our dining-room looked like a gift shop. Your scribe presented her with the Dickens club which all the Christmas club girls receive as they go to the altar. We were taken to task for saying that "all my girls were leaving me." Someone said very neatly "They are not, here they nearly all are and their children with them." And it was true—there were 16 children! Some of these enjoyed a tea party on the stairs while others sat on the floor or on friendly laps.
When the last parcel had been looked at, Dora made a graceful acknowledgement, expressing her thanks, delight and pleasure in these tokens of goodwill and wishes. Then we tried to serve. We found all the serviettes carefully folded, long after "the guests were fled." However, what is a serviette more or less between friends?
The second shower was at the home of Mrs. Leslie Harper on Saturday afternoon.
Here, from Pine Orchard, gathered another group of friends ready to do honor to a girl everyone loves.
To receive her gifts, Dora sat under a pink and white umbrella with pink and white rain descending in it from the chandelier. She was assisted in opening her parcels by Irene Proctor and Helen Reid. Again, many lovely gifts were hers.
One rather funny thing happened—she didn't receive, at any

**Walked Newmarket Streets
Silas Fletcher 'Forgotten Man'**

Newmarket—In a lecture to the Women's Institute, Wednesday evening, Oct. 29, Major John Barnett, first vice president of the Ontario Historical Society, told of the importance of recording small and local historical facts in relation to the broader aspect of history. "Big actions," said Major Barnett, "come from a culmination of small ones and every item of historical value that you obtain, contributes greatly to historical records."
Major Barnett, who resides in Clarkson's Corners, calls himself an amateur and says that his interest in local history is a hobby but his avocation has carried him into some intense research, much of it being done in North York. At present he is in the middle of a bit of historical research that centres around the Rebellion in 1837 and a figure, Silas Fletcher, who once walked the streets of Newmarket.
"In my opinion, he was behind many of the scenes in the rebellion and possibly influenced William Lyon McKenzie," said Major Barnett. "This district was the centre of much activity in that period, having such figures as Nelson Gorham, Samuel Lount, Holland Landing, and Jesse Lloyd, Lloydstown, and in reading histories of the rebellion, I became impressed with Silas Fletcher who was a bigger man than historians give credit. He once walked your streets in Newmarket's earliest days. At the outset, Silas Fletcher was just a name to me but bit by bit I am finding facts about him and a real figure is emerging."
"He joined Captain John Butten's troop in 1810 but deserted the army when the rebellion broke out and became a rebel. He transacted many land deeds and in 1837 he resided on lot 22, con. 3 in the township of East Gwillimbury. He did not get the land through a grant but there is a record of the purchase in the registry office. After the rebellion he escaped to the States and was very active on the border. He and Jesse Lloyd were the only two of McKenzie's lieutenants, as far as I know, who stayed in the States. That's as far as I have gone. I have no information about him from 1806 to 1820 but there are probably letters or documents some place in East Gwillimbury that will lead to this history," said Major Barnett.
"Until you have the complete picture, you can't be sure of the underlying actions and reactions," he said.
From Cornwall to Windsor the Ontario Historical Society has all kinds of people interested in early and primitive history. Major Barnett said that most people are interested in local history but many have little spare time and don't know where to look and a lot get only hazy evidence. He said that it is difficult to maintain a local historical society but the Ontario society is a larger organization in which local people in each community can be interested. Its purpose is to encourage interest in local history.
Speaking particularly about Newmarket, he mentioned that Timothy Rogers who founded the early Quaker settlement here, came where the registry office stands in 1800. From 1800 to 1857 there is a big gap in the facts known about this district but there is probably a lot of material in the country that would lead to these facts. He said that weekly newspapers play an important role in recording events and are now being more attentive to keeping files of old copies. The Ontario Archives have an almost complete file of The Newmarket Era back to 1857 which gives a record of Newmarket history and any student of history can get a pretty clear picture of it if he wants to do a great deal of reading, he said.
Last year Major Barnett, after a great deal of research, wrote a letter for the Ontario Society on John Butten after whom the community of Buttenville got its name. It was through his work on John Butten that he became interested in this district.
He said that the important thing for a local person interested in community history is to confine his searches to a small area. It is far more useful to get a great amount of information about a small area like a single farm. An effort like that can be a great contribution, he said, and the better the local history, the better is the broader aspect of history.

Reason's whole pleasure, all the joys of sense, Lie in these words — health, peace and competence.

— Alexander Pope

Few will quarrel with the prescription inscribed by the well known poet, Pope. Ah, but where and how shall we find health? Its quest has ever been the possessive passion of all mankind. Who holds knowledge of its secret source? Who, indeed, but the physician. He is the modern possessor of our oldest science. In him are centred the knowing skills of all the ages up from alchemy.

Seek out your physician in time of trouble. Call on him at the first sign of illness. Be advantaged by his experience. Have confidence in his counsel. He will do his utmost to guide you toward the Highway of Health.

Should he give you a prescription, may we have the privilege of compounding it?

EVERYBODY'S BUSINESS

To get ahead in the world you need more than ability, personality and experience. You also need good health.

Nowadays the vital importance of the right diet for good health is being more widely recognized. Thus more and more people are eating less of the heavy starch and protein foods and more of the vitamin-rich raw and leafy vegetables, and fruits. As for sleep, doctors advise a minimum of eight hours rest for average adults.

To most of us, the idea of taking exercise is a chore and a bore. But it is virtually impossible to enjoy radiant good health unless we do so. A few minutes spent daily in setting-up exercises is especially beneficial to those with sedentary jobs. Long, brisk walks are also recommended.

Above all, have your physician give you a complete check-up every year.

All this may have a familiar ring. But I have repeated these suggestions here because they can do so much to help you win success. Just as health measures safeguard your physical future, life insurance safeguards the financial future for yourself and your family. During the past 10 years the life insurance companies in Canada paid out an average amount of \$400,000 to policyholders and beneficiaries every day.

Winners of the various classes were Betty Richardson, Billy Richardson, Joyce Sleeth, Bruce Addison, Bobby Hillary, Laura Mae Coulson, Nancy Aylett and Mr. Harold Sleeth.

Hot dogs, pop, cookies and coffee were served to all with grab bags for the kiddies.

Thanks to all who helped and took part. It was a "howling" success. The party committee was Mrs. Coulson, Mrs. Slater, Mrs. Sleeth and Mrs. Aylett.

The North York GARDENER

By JOHN DALY
Vice President, Newmarket
Horticultural Society

Those of us who are unable to go to a milder climate can still have a lot of fun indoor gardening. There is such a tremendous variety of plants that can be grown that I could keep writing about them all the year round. One of the simplest flowers to grow is the paper white narcissus. This bulb planted in stones and kept watered will make a lovely showing in a few weeks. Or if you like, you can grow the lovely gloxinias from seed and enjoy the flowers next summer.

Perhaps the most popular winter flower is the hyacinth or maybe I'm prejudiced. Anyway, I always have a few of them myself. The results depend on the care taken to grow them well.

Good quality bulbs are the first requisite. For indoors get the largest size. Smaller sizes are better for outside bedding. A good patting soil is two parts good garden loam and one part sharp sand and one part peat moss. Plant the hyacinth bulb in a four or five-inch pot with the nose of the bulb a little above the soil level. This level should be about a half-inch below the pot rim. For best results dig a trench in a sheltered spot in the garden and put the pots in up to the rims.

A good covering of leaves, peat, sawdust or any other material to keep the ground from freezing too hard should be placed over the trench. Not that the bulbs need it, but otherwise you may have trouble digging up the pots when you want them. If you leave them there until around the middle of January there will be a pot full of healthy roots. There's nothing like a good root system to produce nice flowers. Bring the pots into the cellar then. A temperature of around 55 degrees would be excellent and put them in a dark corner.

Early Opening

Sometimes the flowers are inclined to open before they are well above the bulb. To avoid this, make a collar of paper. The light coming down from the top of the collar draws the flower stem up. When the tops are four inches high, bring the pot upstairs to a bright room, but not in the sun, until the tops are green. A fairly cool temperature will make them last longer.

Other Dutch bulbs can be handled in the same way. They are often planted in six or seven-inch pans, using six to eight bulbs to the pan. A pan is like a regular flower pot but not so deep. The greatest cause of failure in growing these bulbs is in patience. Let them develop a good root system and be satisfied with the flowers from mid-February on. You will be delighted with the results. A few good varieties of hyacinths are L'Innocence, White King of the Blues, Oxford Blue, Bismarck Light Blue, City of Haarlem Yellow, La Victoire Red and Lady Derby Pink.

A few of the early tulips, excellent for forcing, are Apricot Yellow, yellow tinged orange, Brilliant Star, scarlet, Diana, white, flamingo, pink, and Mon Tressor, bright yellow. These are singles and a few of the doubles equally easy to force are Dante, blood red; Mme. Testout, rose pink; Orange Nassau, orange brown; Mr. Vanderloof, yellow, and Schoonoord, white.

A number of the late tall tulips can also be grown indoors and among these Darwin's Princess, dark rose; Martagon, bright red, and Wm. Copeland, lavender blue, are among the best. Nearly all narcissus can be grown in the house and a few bulbs of each species will give us a lot of pleasure.

King Alfred is possibly the most popular daffodil. It's golden yellow in color. Firetail, a creamy white with a red crown, belongs to the Baret type. Carlton, a giant of the incomparabilis type, is soft yellow. Daisy Schaefer is the largest of the Leedsi group, a white with a primrose crown. Actaea, the largest of the Poeticus group, is white with a scarlet edged creamy cup. Cheerfulness, a double of the Poetaz type, is white with a buff centre and Jonquilla, with many small flowers included, belongs to the Jonquilla. It's a butter yellow color and is intensely fragrant.

Church Anniversary

Anniversary services held in the United church on Sunday had as guest speaker Rev. E. A. Knechtel, M.A., B.D., Sutton West, who in the morning spoke on A Perfect Life in an Imperfect World, asking that Christians grow in grace. In the evening his subject was Four Vital Convictions. Mrs. J. Crokerry and Mrs. D. McKinnon, Toronto, were the soloists for the day and musical numbers were a real treat. In the morning they sang a duet, How Sweet the Name of Jesus Sounds and Mrs. Crokerry sang In My Father's House are Many Mansions. At the evening service she sang O'Divine Redeemer and they both sang Forever with the Lord. The church was decorated with 'mums and ferns and large congregations attended both services.

Monday evening a concert was held in the town hall as a finale to the United church anniversary when Newmarket Dramatic club presented their comedy, Forced Landing. It was well presented and very amusing to the large audience. The cast is to be heartily congratulated for the fine concert which was so well written up in last week's issue of The Era and Express it needs no further explanation.

Poppy Day Tag

The annual Poppy Day collection of branch 382, Canadian Legion, will be held on Saturday, Nov. 8. Taggers will be in Holland Landing, Queensville, Sharon, Mount Albert, Zephyr and the rural areas. Give liberally to this worthy cause.

Mr. and Mrs. Beverly Sinclair spent Sunday afternoon in Toronto with Miss B. Cook.

Mr. Geo. Walsh has a gang of carpenters working on his new house which is going along nicely.

Mrs. H. Ross spent several days in Orillia this week at the home of her daughter, Mrs. Austin Cook.

Mrs. R. Rynard, Uxbridge, was a weekend guest of Mrs. W. Campbell.

Mrs. Kendree, Montreal, has been visiting her mother, Mrs. James Arnold, this week.

Quietest Halloween

For many years now, the Women's Institute has sponsored a Halloween party for the community and this year, it was bigger and better than ever.

There were many more costumes for which prizes were given, first up to four years and then seven to ten, ten to 14 and adults. Three prizes in each class made some work for the judges, Mr. Foxwell, Mrs. Burgess and Mrs. Walsh, as there was a great deal of competition. Mr. Roy Stewart was the usual splendid master of ceremonies, keeping things going. Alvin Dike was at the piano. The schools co-operated by each putting on a skit and at the close, there was a grand treat for all after which every one thought of home. The next morning, not a thing was out of place or was there any damage done in the town. It was the quietest Halloween ever known in the community.

Mr. and Mrs. Harry West, Bogartown, were guests on Sunday at the home of Mr. and Mrs. Murray Stokes.

Mr. and Mrs. John Rynard and Karen left on Monday for their new home at Cobourg where Mr. Rynard has been transferred to the Dominion bank there.

Mrs. E. Forrest has gone to London to make her home.

Mr. and Mrs. Winston Cunningham and daughter, London, spent the weekend at the home of Mr.

Teller at the Dominion Bank, Mount Albert, which was held up by an armed bandit last Thursday is Viola Oldham, left, who was forced to stuff money into a paper bag at the bandit's command. Right is manager M. R. Roberts who was in the basement of the bank at the time of the hold-up.

Mrs. Doreas Lunau, left, who works across the street from the bank, and Jimmy Cooper, 13, saw the bandit leave the bank.

Douglas Ross, left, ledger-keeper, and Ross Draper, right, clerk, were forced to stand by as Miss Oldham handed over the money. The robbery occurred at 12:45 when there were no customers in the bank. The bandit was last seen travelling north on the centre road.

Cunningham's uncle, Mr. F. Cunningham.

Mr. and Mrs. Cline Burr, Burtonville, were guests last week at the home of Mr. Burr's brother, Mr. J. F. Burr.

Mrs. Rennie, Sr. has returned home from visiting friends at Linwood, Ont.

Nov. Graham Reeve left last week for Victoria, B.C.

Busy Week

Last week will be a long remembered one in Mount Albert. First, the bank was robbed on Thursday and then the C.N.R. station was broken open in the night and about \$500 worth of express, among it a fur coat and

electric washer, were taken. Mount Albert was on the air and in the headlines in the papers but we do take objection to one paper saying our bank was only open a few days a week — after all the business done in our village.

Plane Lands

On Monday morning a plane landed in Geo. Price's field west of the public school, presumably to make arrangements to come back at the end of the week to take up passengers.

The Cheerio bazaar in the town hall on Saturday, Nov. 22, will serve afternoon tea.

ORRVILLE GIRL

WEDS OCTOBER 17

On Friday, Oct. 17, at 3 p.m., Muriel Joan, only daughter of Mr. and Mrs. John E. White, of Orrville, and William John Van Duzen, son of Mr. and Mrs. James Van Duzen, of Burk's Falls, were united in marriage. Rev. H. C. Harris of St. James United church, Parry Sound, officiated. The wedding music was played by Miss Doreen Agnew.

The bride looked lovely in a floor-length gown of faconne crepe. She wore her mother's pearls and white wedding veil, and carried a bouquet of mixed flowers. The bride's home, where a delicious wedding supper was served, was beautifully decorated with pink and white streamers and colorful autumn leaves.

In the evening, a wedding dance was held in the Orange hall at Orrville.

AURORA PAIR

TAKE VOWS

Aurora United church was the setting for the marriage October 25 of Shirley Anne, daughter of Mrs. Milton Sherman, Aurora, and the late Mr. Sherman, to Douglas Walter Nesbitt, son of Mr. and Mrs. Walter Nesbitt, Aurora. Rev. R. F. Hicks officiated against a background of spruce and lavender 'mums. Mr. Harrison was at the organ and the soloist, Miss Lorraine Pierheller, Aurora, sang At Dawning during the signing of the register.

The bride, given in marriage by her uncle, Mr. Charles Stone, looked lovely in a white slipper satin and lace floor-length gown. Her long veil fell from a flowered heart-shaped halo and she carried a cascade bouquet of red roses and lily of the valley. Her only ornament was a three-strand necklace of pearls, a gift of the groom.

Miss Irene Rose, maid of honor, wore blue slipper satin with matching headpiece and carried a bouquet of pink roses and 'mums. The bridesmaids, Misses Elsie and Josephine Westyn, aunts of the groom, were similarly gowned in pink and blue ruffled bouquets of red roses and satin and sheer gowns with matching headpieces. They carried white 'mums. Miss Joyce Nesbitt, sister of the groom, was junior bridesmaid, dressed in pink sheer and carried pink roses and 'mums. Miss Gloria Sherman, sister of the bride, was flower girl frocked in long yellow taffeta and net. She carried a small nosegay of assorted flowers. Mr. Allan Jones was best man and the ushers were Messrs. Harold Nesbitt, Earl Sherman and Elgin Kerr, all of Aurora.

The reception was held at the Ridge Inn, Oak Ridges. The bride's mother chose a pale blue crepe ensemble with black accessories and a corsage of red roses. The groom's mother chose dove grey crepe with black accessories and a corsage of red roses. After the reception, friends and relatives gathered together at the home of Mr. and Mrs. Nesbitt, Macell Ave., for an enjoyable lunch and entertainment.

For travelling to Niagara Falls and points south, the bride donned an iron grey suit, black accessories and a corsage of pink gardenias. The happy young couple are now residing in Aurora.

Volley Ball
Word has been received from Aurora that a volleyball tournament is being held at Aurora next Saturday. This is a big event for the schools competing. Newmarket, Aurora, Richmond Hill and Uxbridge. Newmarket has been doing so well in all her sports activities that we hope she will keep up her good standing. The school is sending two teams, a senior and junior. Surely we can make good! Anyway all fingers are crossed for you, kids.

Well, well! Congratulations to the rugby teams, both senior and junior. They came home with a great victory over Pickering College. This is a good sign, kids, keep it up!

Report cards were flying all over the school last Friday. This more or less lowered the spirit of many over the weekend. It sure was a Halloween prank on us by the teachers to give them to us on Friday. On the other hand, there were those who were more fortunate and who went on their way with no report card.

Elm Tree
This is a touchy subject with most people. As far as we can see it, many think that it is about time the old tree was cut down. It is not only a menace to Timothy St. but it is a danger to the homes around there. As it is an old tree, it may fall any time. This may be so but... there are the people who seem to think it a shame to take away this historical landmark. In a way this is so. The old tree has many stories which our grandparents have related to us. It is thought by some to be the place where our town originated. It seems that all things must have an end and it looks as if the old elm tree has had its day.

Exams are on the way again. All spare time is supposed to be spent in studying. These exams start on November 27, which is only about three weeks away. It sounds awful, we know, but it is too true.

Commencement
Commencement is on November 21 and the banquet will be held at the school for the graduating students. The presentations will be made after the banquet in the assembly hall. The guest speaker is Miss Eileen McConigle, former student of Newmarket high. Dancing will begin at 10 to the music of Don Gilkes' orchestra.

PLEASANTVILLE
Twice Showered
At the home of Mrs. A. M. Colville on Thursday afternoon, nearly 30 ladies gathered for a miscellaneous shower for Miss Dora McClure, bride of this week. When Dora arrived for tea she was completely taken by surprise. Mrs. Colville sang the Pedler Song. Mrs. A. Ridley and Mrs. W. Walker conducted a song contest and Mrs. H. Penrose a grandmothers' contest. Little Miss Marjorie Preston and Master Roger McClure, assisted by Mary Sheridan, carried in four large clothes baskets full of lovely and useful gifts. Mrs. Colville also presented Dora with a large cake plate from the Christmas club girls. A lovely lunch was served by Mrs. Colville, assisted by Mrs. D. McClure and Miss Joyce Van-Luven.

On Saturday afternoon at the home of Mrs. L. Harper, Pine Orchard, the ladies in that community gathered for a miscellaneous shower for Miss Dora McClure, who again was completely taken by surprise on her arrival at Mrs. Harper's home for the evening meal. Mrs. Harper had a large umbrella covered with pink and white paper and streamers fastened to the tall floor lamp. Mrs. W. Johnston and Mrs. Bill Proctor carried in a well filled basket of many and useful gifts.

Mrs. A. Tucker, Newmarket, spent Sunday at the home of Mrs. G. McClure and family, attending Pine Orchard Union church in the afternoon.

Mrs. G. McClure and Miss Dora McClure were guests for dinner of Mr. and Mrs. R. Chapman, Pine Orchard, and had tea with Mr. and Mrs. M. Sheridan and Mary on Wednesday.

The Bogartown club enjoyed a Halloween party at the school on Friday night. Twenty-five were in costume and prizes were won by Mrs. Walthe, Stuart Starr, Dawn Yake and E. Hisey.

SNOWBALL
The Women's Institute community supper will be held in the church basement on Friday evening, Nov. 7, from 6 to 7.30 p.m. A good program will follow the supper. The community is specially invited.

GLENVILLE
Glenville church anniversary service will be held in the afternoon of Sunday, Nov. 9, at 2.45 p.m. Rev. Roy F. Hicks, Aurora United church, will preach. Kettleby United church choir will provide the music.

Glenville W.A. will have a bazaar at the school on the evening of December 5.

EAST. GWILL. TO NAME '48 CANDIDATES DEC. 1

The council of the township of East Gwillimbury held its monthly meeting at Sharon hall, Saturday, Nov. 1. The members were all present. The department of planning and development requested the council to give the final decision in regard to the approval of the proposed plan on lot 115, known as the Wm. French sub-division. The council viewed the situation and gave their final approval.

The residents of north Newmarket petitioned the council to make the road north of the town limits a restricted speed area. The council approved of the idea and instructed the road superintendent to order 30-mile speed limit signs and have them erected as soon as possible.

The following accounts were passed for payment: W. H. Crouch, sheep valuator, \$6; Wm. Lewis, sheep claim, \$16; Irving Rose, sheep claim, \$16.50; County hospitalization, \$206.84; Campbell's store, office supplies, \$1.85; election supplies, \$30.62; police supplies, \$66.50.

GOLDEN GLOW SAVED FROM KING ARTHUR

By GOLDEN GLOW

The other week, I was writing about Christmas cakes and puddings and the proper time to stir them up. An old nursery rhyme kept pounding through my head and the words just wouldn't come. To my delight, as often before, kind readers came to the rescue. That same evening—or was it Friday. Next day the phone rang and a voice said "When good King Arthur ruled the land, he was a goodly king. He stole three pecks of barley meal to make a bag pudding. A bag pudding the king did make and stuffed it well with plums. And in it put great lumps of fat as big as my two thumbs." Before I could say a word, the phone clicked—but I was sure I knew the voice and when I met her down street a day or so after I thanked her — and she said "How did you know it was me?"

That same afternoon, farther along the street, another friend stopped me and greeted me with "The king and queen did eat thereof, and noblemen beside. And what they could not eat that night the queen next morning fried."

The next day came a letter from Roche's Point to also give me the forgotten lines. The writer said it was taken from the World Book of Knowledge. She wrote it all out as above with the exception of a few words—"a rare pudding the king did make." Rare instead of bag. But the sense is the same and it gives an added touch to the king's cookery. Then that same evening, there came another letter, this time from King, with the whole nursery rhyme written out—and it was written on a card with a young woman nursing a silver grey pussy cat.

So you see I was well remembered — my silver grey cat too. He would add his thanks, I am sure, only he's out in the sun this lovely sunny November day sleeping off the liver he had for dinner. Yes, I carry liver home from the meat market for him and every time I open the refrigerator door he thinks he should have another feed. Can you ever fill them up I wonder?

The most charming part of the whole thing is this sentence from the letter from Roche's Point and it sure did make me chuckle. "Don't worry if you can't recall things. Remember the bishop who worried so he couldn't sleep until he thought he heard the Lord say "Go to sleep, Bishop, I'll sit up the rest of the night." Thanks to my kind friends, I can now stop worrying my brain, and go to sleep. I know the words again of our famous old King Arthur nursery rhyme.

By the way, old silver-grey puss won't be sitting outside to digest his dinner tomorrow, Tuesday if Probs is correct, for he prophesies rain for tomorrow. Well. We can't surely complain for the past month and the three days of November so far have been marvellous. Sunshine and moonshine (That last word looks out of place. I'll change it to moonlight). And another record broken for October as the warmest October on record. August was the hottest, but September had to go and spoil it by three heavy frosts and cold days. So September did not break any records.

**PLEADS GUILTY ON
FOUR FRAUD CHARGES**
Newmarket—Kenneth Brilling-
er, Lake Wilcox, pleaded guilty to
all but one of five charges of
fraud in magistrate's court on
Friday. Magistrate Hollinrake
reserved sentence for one week,
and the one charge to which the
accused pleaded not guilty was
also held over. The offences
were all dated around August,
1947.

C. C. Mabley, Richmond Hill,
testified that he had bought a
truck from Brilling and later
found that the accused had not
paid for the truck. Mabley oper-
ates a service station in Rich-
mond Hill. He said he was de-
frauded \$160.

Robert Brown, who operates a
service station and general store,
testified that the accused had
ordered two tires and tubes from
him. Brilling did not call for the
tires for some time but finally
came and gave Brown a check
for \$93. The tires cost
\$81.75 and Brown gave him back
\$38 in cash. The accused told
Brown he would pay the balance
when he was paid for a job he
was doing in Toronto and that
was why he wanted the cash and
credit. Later, the bank returned
the cheque to Brown marked
"no account." The cheque that
the accused had endorsed was
made payable to C. Brilling and
signed W. C. Smith and was a
Toronto branch cheque.

Brilling was also charged with
cashing a bad cheque in a
Newmarket bank. Chief Con-
stable Ronald Watt said that he
arrested the accused in Newmar-
ket. Chief Watt said that the
accused told him that he had
made out the cheque and signed
it W. C. Smith. "Apparently a
fictitious name," said Crown At-
torney Arleigh Armstrong. Chief
Watt said that the accused was

On the fourth charge, Det.
George Wilson said the North
End Tire and Battery, Toronto,
had taken a cheque from Brill-
inger for \$74.80 for tires that cost
\$33.28. They paid Brilling the
balance of the cheque value.

Magistrate Hollinrake said he
would postpone sentence, which
would be imprisonment, for one
week. He told Brilling to com-
municate with anyone who
might speak on his behalf before
next Friday.

Brilling had been living in
Newmarket during the summer
and said that he, his wife and
two children have been living at
Wilcox Lake recently. He asked
for the opportunity of making
reparations to the complainants.
He said that he had had some
hospital bills to pay for his wife
and one of his children, and was
having financial difficulties.

Mrs. Helen Stuart, charged on
October 11 for unlawfully keep-
ing liquor for sale and also
charged on unlawful possession
of liquor pleaded not guilty on the
first charge and guilty on the
second. Crown Attorney Arm-
strong asked for a week's re-
mand on the first charge. Magis-
trate Hollinrake also remanded
the second charge.

Three Tender For Arena, Purchase Sought By One

Newmarket—Councillor Caroline Edwards reported that the property committee has received three tenders for the leasing of Newmarket Memorial Arena at the meeting of the town council on Monday night. "One of the people who submitted a tender expressed the desire to buy the arena if we are willing to sell it," she said.

Mayor Joseph Vale said that from a moral standpoint the council would have to have a vote of the people in order to sell the arena, since its purchase had been ratified by an almost five to one vote.

"The person involved said he would be willing to put in artificial ice if the arena were sold to him and his tender for the rental of the arena was higher than the other two," Mrs. Edwards said.

"There are a lot of people in town who would like to see artificial ice installed at the arena," Councillor George Byers said. Mrs. Edwards said the highest tender would just barely cover the cost to the town of the arena for a year, without considering any repairs. Councillor Frank Bowser said the tender was only for the winter months.

"When we first obtained the arena, it was obtained with the idea of providing as much skating as possible for the children of the town," Mayor Vale said. "Apparently we are unable to operate the arena at a profit so why don't we forget the finan-

Many thanks for the response to the request for scores in last week's column. We have received several complete reports of this week's scoring and are happy to hear from two clubs who up to now have been silent as far as publicity goes. One of them is the Hoffman bunch which bowls at the north end. Top man among them recently was R. Sulmali who made a 336 high single and a total of 692. H. Hutchinson took a 248 high single and 681 for total. Third was Bob Benville with 216 single and a total of 581. The high scores were made by the machine shop team.

From Smith's alleys downtown we hear news of the men's town league and some pretty nice bowling by them. Here are some highlights: R. Gibson 204, 224, 365 for a total of 813; H. Sander-son 221, 226, 299 for 746; D. Beckett 191, 232, 282 for 705; I. Wilson 193, 213, 287 for 693; J. Westley 178, 233, 248 for 659; M. Craddock 191, 213, 237 for 641.

With the town girls who bowl Monday night, Hester Clark took 248, 208, 195 for a 651; Phyl Osborne 185, 207, 228 for 620. High singles the girls piled up this week were: Mrs. Ella Wilkins 258; Myrtle Courtney 227; Laura Gil-les 255; Hazel Bowser 212; Irene Abbot 213. By the way, the president says to say "Next week bowling starts at 7 sharp."

At the Bowlaway again, high man of last week with the Sangamo crew was Wilf Jarvis with the top total of 646. H. Moore took a 267 single and J. Harman took a 453 total.

S. Simmone of the Bradford bunch took 725 for high total and next to him was R. McMaster with 689. C. Tapp took a 684 and E. C. Jones 607.

High scoring in the Davis men's league was done by A. Peppiatt with 686 total, J. Atwell 672, and H. Pettit with 657. Smith's team is leading with 29 points in the league. Revill's team 27, Tansley's 24, and Pettit's 21.

There is a great deal of enthusiasm among those girls from Davis Leather who bowl every Wednesday night at the Bowlaway. They have lots of fun even if they don't break any scoring records yet. Give them time, though. Moss Kenney took the top this week with 192, 175, 229 for a 596; Audrey Benton 170, 150, 122 for 440; Audrey Carley 142, 120, 142 for 404. Moss Kenney's team is on top followed closely by Elsie Cline's.

There is another league of town girls which bowl on Thursday nights at Smith's from whom we have received no scores as yet. It is said that they are just getting warmed up. We hope to tell you about them soon.

The Aurora Co-operative Junior hockey club will hold its first practice at the Barrie arena on Wednesday, Nov. 12, at 9 p.m. Manager Leonard Simmons and coach Bill Capel will welcome all candidates who wish a trial. Transportation leaves Aurora high school at 7 p.m.

VETERANS TO PARADE TO ST. JOHN'S SUNDAY

Newmarket—A Remembrance Day parade in which the Newmarket band, the air cadets and veterans are to participate will be held on Sunday, Nov. 9, at 2 p.m. after which there will be a service at St. John's church, Ontario St., at 2.30 p.m.

All veterans participating are to meet at the town hall at 1.30 and the march off will be at 2 o'clock. The route of the march is to be west on Timothy St. to Church St. and south on Church to the Cenotaph at Memorial Park. There will be placing of wreaths and a short service conducted by Rev. Friday evening, Nov. 7, at the council chambers, 8 p.m., Newmarket's Junior hockey club executive is to be elected. A strong executive is the first step in bringing a Junior C championship to the canaltown. The hockey material is right on our door steps with last year's junior team almost intact and with players from Bradford and as far north as Sutton to draw from, it can be done. So come out Friday and get your man elected. Everybody is welcome to attend.

Also scheduled for Friday evening, after the junior election of officers, will be the inaugural meeting of the newly formed Newmarket Hockey Association.

Hockey Teams Rarin' To Go See Plenty Of Sport Ahead

By GEO. HASKETT, JR.

The Newmarket hockey pot is boiling. Newmarket's hockey-minded got together for their organization meeting at the fire hall Tuesday evening. Over 30 were on hand and it was, without a doubt, one of the most successful and largely attended hockey gatherings in several years. The hope in short is Newmarket will be represented in four series in Canada's national winter game.

In the Intermediate O.H.A., Canadian Hoffman will carry the banner. Hoffman's incidentally, has been organized for some weeks and now have three practices under their belt. Father McCabe, team coach, unfortunately has been absent from practices owing to an injury, but with his return the team will be swinging into high gear in their practice sessions.

There was good news for those interested in the Junior picture. Bob McGuire, king pin of last year's Hoffman intermediate squad, advised the meeting that Newmarket's newest industry, Gapco Products, would sponsor the Junior entry. Once again this year it will be Junior C. Last year's team will form the nucleus of the 1948 edition. Several recruits from Bradford were in attendance and will be out to seek a berth with the locals. Newcomers are also slated for a trial from the east side of Lake Simcoe as far north as Sutton. To line up the junior executive a further meeting is on the books for Friday, Nov. 7, at 8 p.m., at the council chambers. All are welcome.

Next in line to draw attention were the juveniles. Fred Hall, who has brought along most of the lads eligible for juvenile from public school age, advised that plans were underway to line up a juvenile entry in the O.M.H.A. It is hoped to get a grouping with Aurora, Bradford and possibly Sutton. With the material available from last year's midjets, Fred and his right-hand men, Eddie Gibson and Harry Thoms, should be able to build up a battling crew the equal of any in North York.

Last, but not least by any means, Dr. C. VanderVoort had good news for the midjet group. "The legion," to quote Dr. Van, "are ready to sponsor a midjet team." Dr. VanderVoort heads the Legion club, Gordon Ough takes on the managerial duties. Larry Molyneux will carry the coaching load. Ernie McCaffrey is the secretary-treasurer, with Aubrey Marshall and Grant Dillane rounding out the executive staff. The team will more or less have to be built from scratch as very few of last year's midjets are still eligible, so if any 14-16-year-olds, eligible for midjets, are interested in playing, leave your name with Dr. VanderVoort or Gordon Ough.

Another outcome of the meeting was the organization of a Newmarket Hockey Association. Dr. VanderVoort and Bob McGuire were the prime movers of the idea. The idea of the association will be to co-ordinate all

the hockey activity in town and make suggestions for the betterment of hockey in the Hub of North York. Each of the four hockey clubs operating in Newmarket will be asked to appoint two representatives to the association and along with two delegates from the Recreation Council, in the person of Jimmy Walker and Fred Hall, will form the association. The first meeting of the newly formed Newmarket hockey association is scheduled for 9 p.m., Friday, Nov. 7, at the council chambers.
